GAUDET PATIENTIA DURIS

Dear Ann,

Well I might as well wreck up this page — uh, — rover, seeing as no one else has! It's over, it's over — yeh! — I really can't believe it though — every other year book I've signed, I've stressed the evils of exams. Well, believe it or not we're seniors starting today. Look — have a great summer and practice your tennis. I'll have to challenge you in the fall.

Love and pretzels,
Tread

Ann,
Do you believe that (them, of course!) we're over — NO more swats! Unbelievable! Poor Courtney must be sad without us anymore! Too bad. Well have a good summah!
Cindy

Ann —
It's over — do ya believe it? Listen, thanks for being on the Rings Committee and all. Really appreciated your help. Have a great summer!

GARGOYLE

1964

EMMA WILLARD SCHOOL
1814 · 1964

Dear Ann-

I had to sign on this page next to my picture - the dreaming scatterbrained rock head. Who says I have a blank stare?

This year has really been great - even my math was a constant source of terror - I guess Courtney will be happy to see us go - donuts and all.

Its too bad Larry and RPI are departed - but now that tennis is here who needs boys? Course you can't dance with your tennis racquet remember the Fall prom? My luscious date - and yours! Those were the good old days. Saratoga was Saratoga - it was because you "floor the" Pass - course dangerous curves, you'll have a great summer - write Dale Lowe and Tom Lee - and TENNIS - have fun - and write me a letter or two -

I'm sorry we've sort of parted ways this year but I guess it really

friendship can't be forced—
I guess we just developed
the different ways this
year—I'd made
friends—but last summer
was
fun
and
this
we
will be
so—
whether
we do much together or not—
anyway have fun and don't
let too good at tennis
because I want to challenge
you at the end after
camp. Love,
Rosanne

FOREWORD

At the beginning of this year the editors felt that a modernization and pepping up was in order for GARGOYLE. In an effort to represent the school more truly, we have attempted to capture its spirit. We have tried to uphold the traditions of GARGOYLE and also introduce a few innovations which we felt were necessary. It is our hope that in the future GARGOYLE will continue to develop as the school itself does.

DEDICATION

TO THE PURPOSE

OF

THE EMMA WILLARD SCHOOL

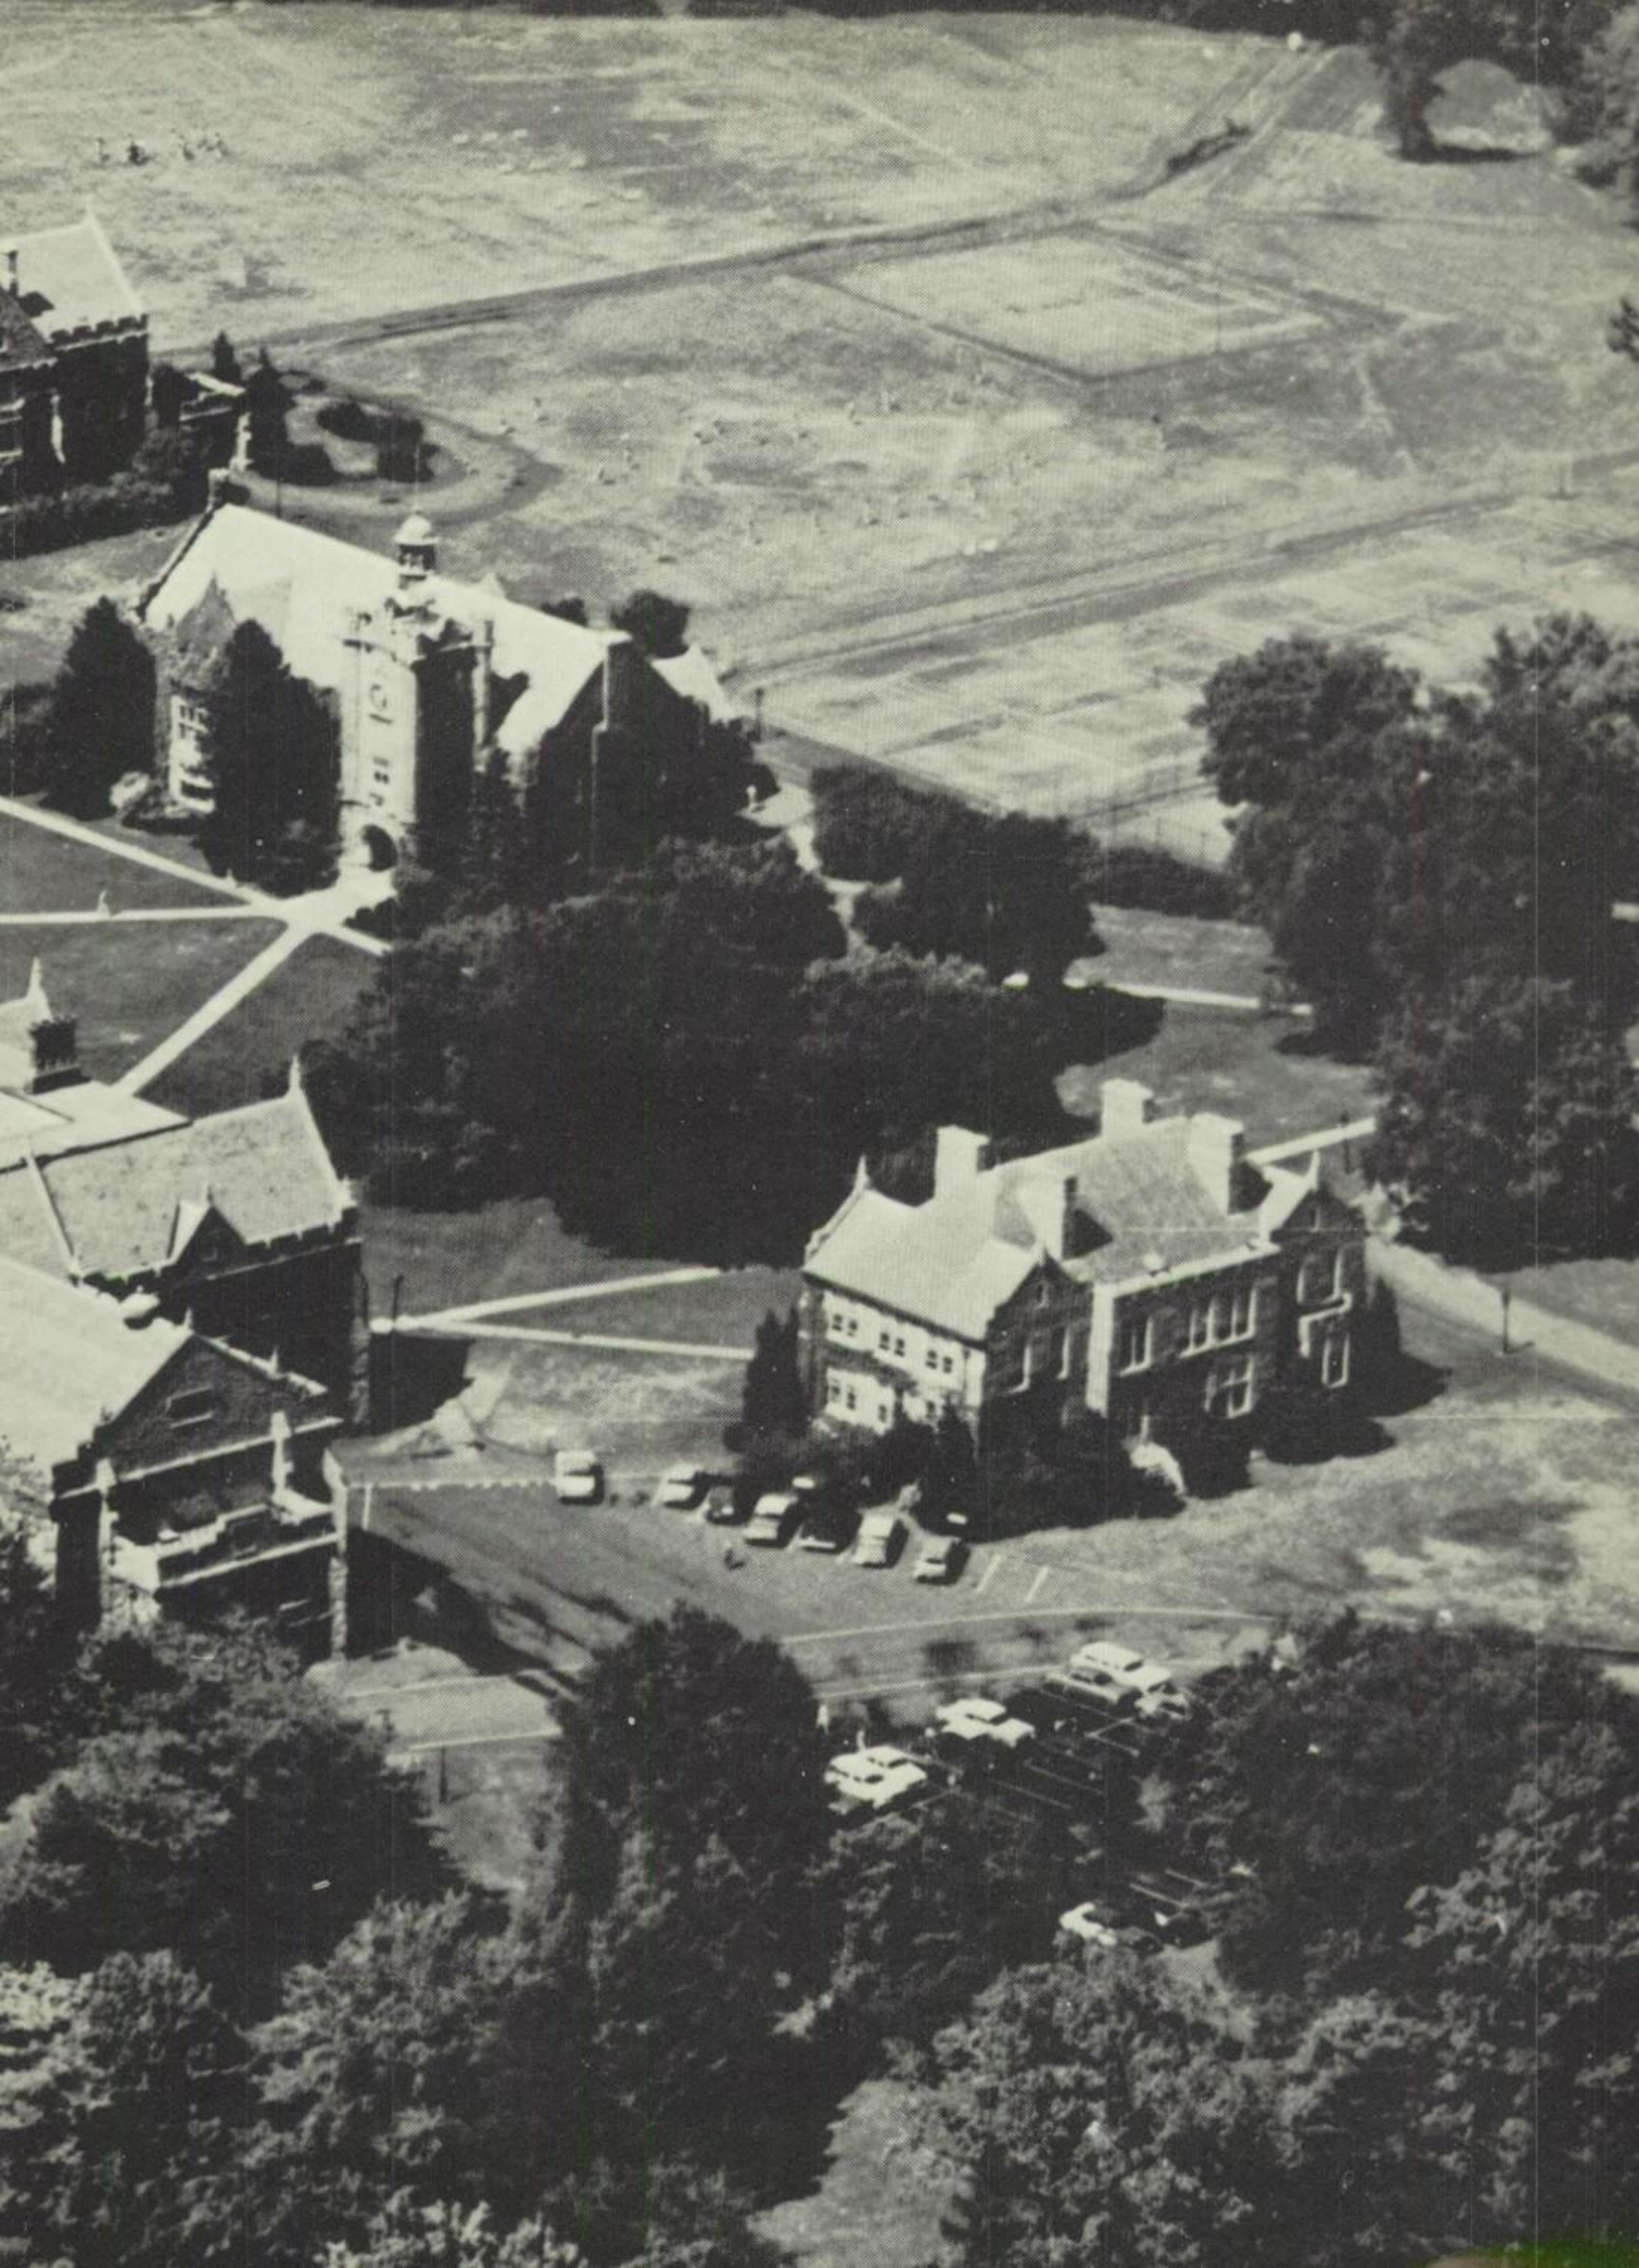
STATEMENT OF PURPOSE

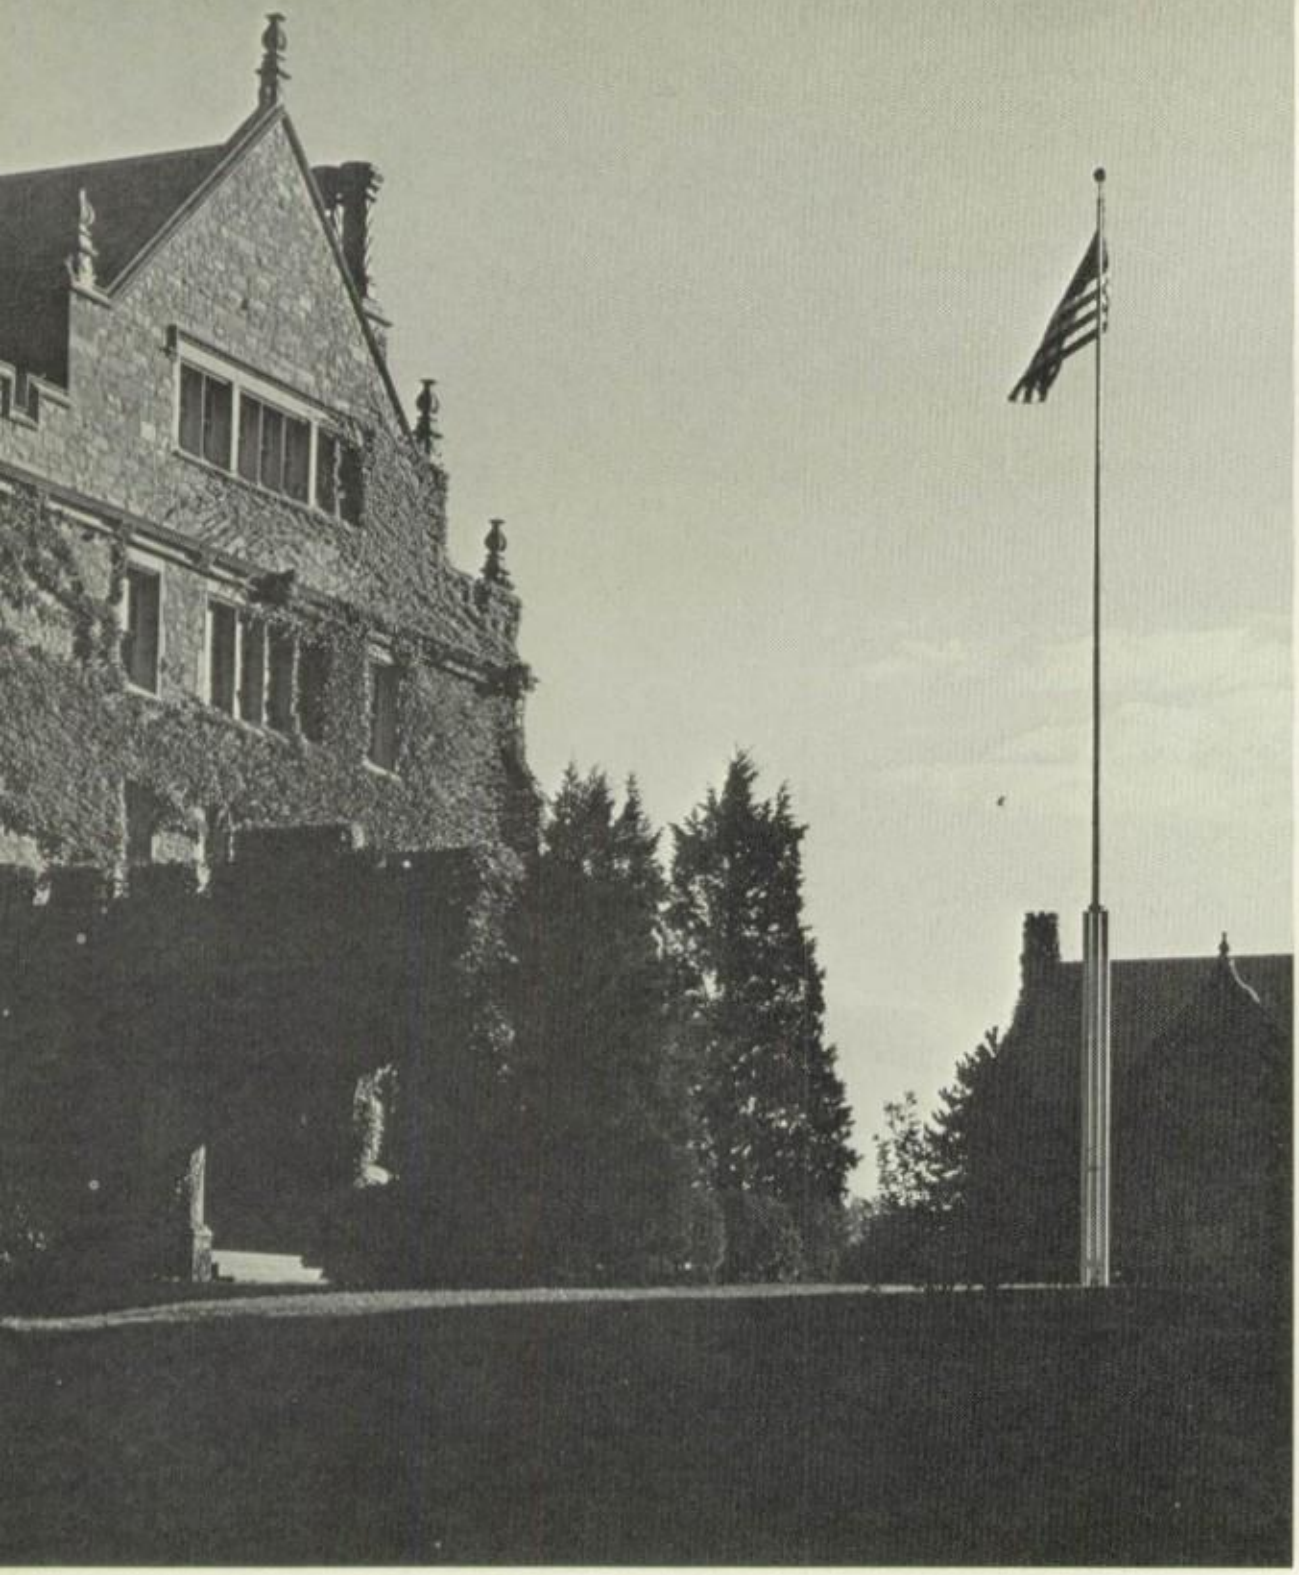
In 1814 Emma Hart Willard opened an independent school to provide higher education for young women from all over the nation. In keeping with the spirit of the founder of Emma Willard School today is bound to high academic standards, a non-sectarian, Protestant tradition, and an international outlook. The unique history of the school has given it a rich heritage and a sense of continuity as well as a respect for experimentation and an ever present concern with the future of secondary education for girls.

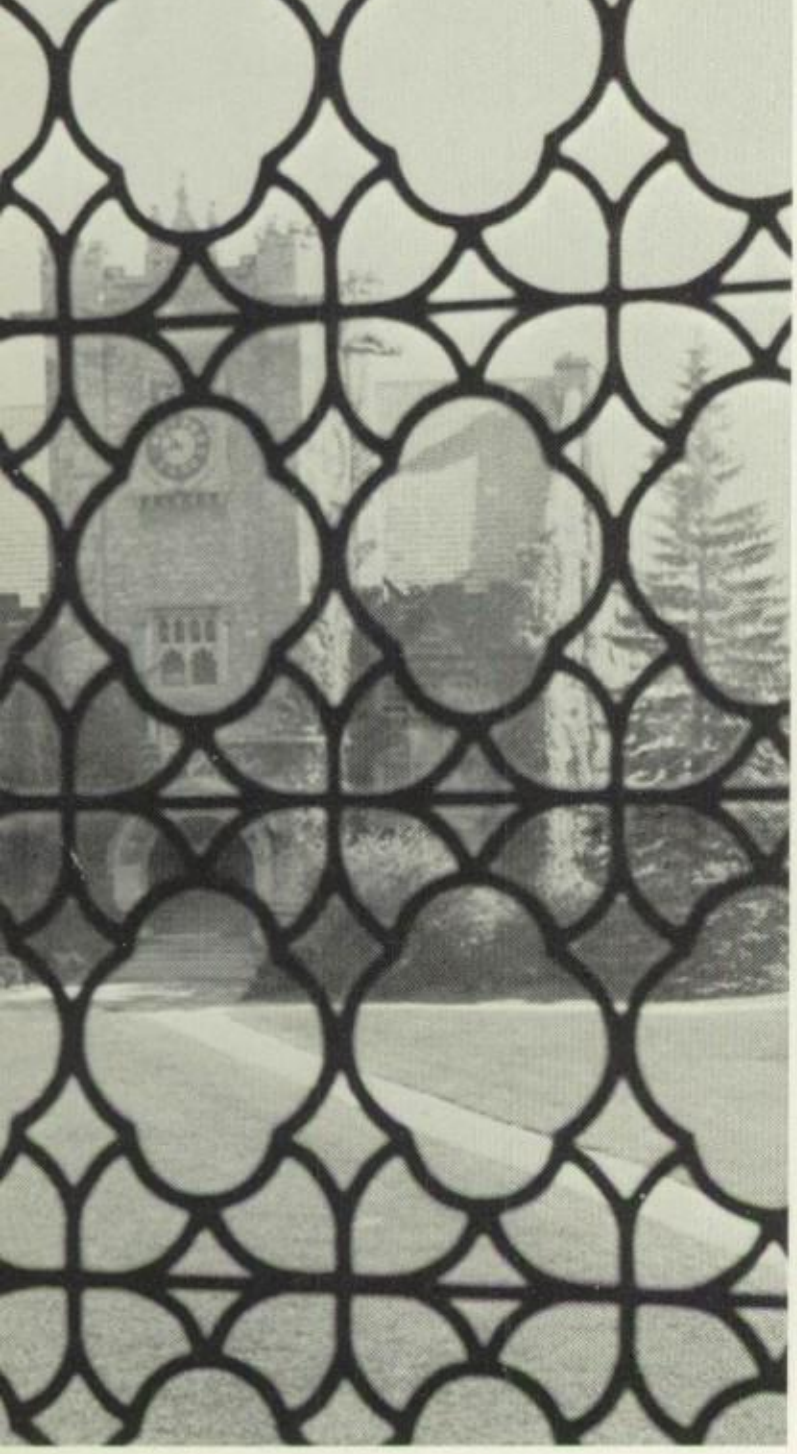
The flexibility of the Emma Willard School curriculum provides for the integration of new knowledge within the framework of traditional excellence. The conviction that secondary school education has integrity in itself is the standard for a plan of correlated studies, which stresses the interrelationship of academic disciplines. Creativity and intellectual curiosity are encouraged by small classes and independent study. This academic experience is supported by participation in a program of activities, carefully planned to develop a responsible person with a breadth of interests.

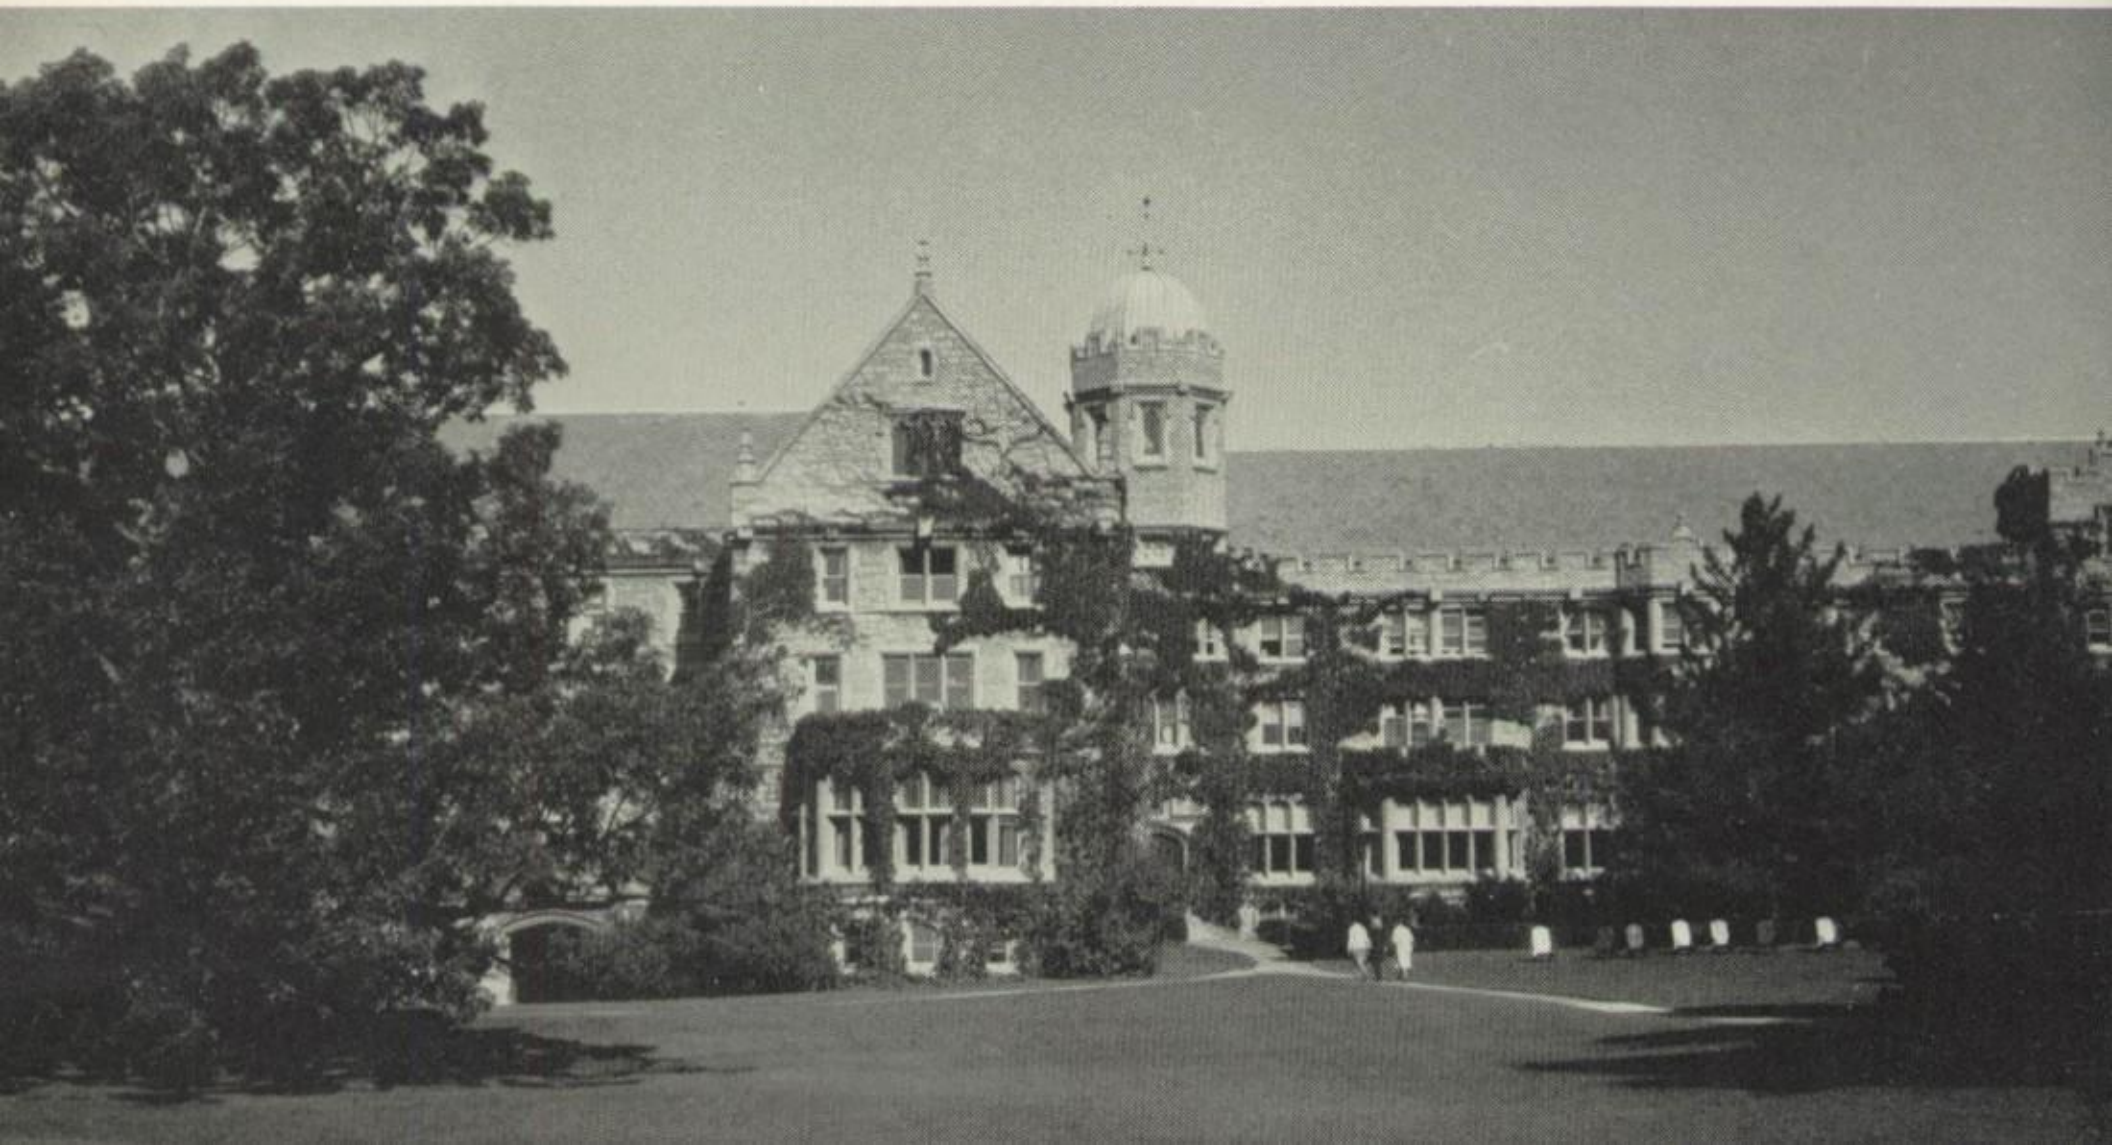
Through this plan of education, the student eager to learn grows into an informed and articulate individual, capable of sound, objective judgment, who will seek further education. The school affirms the hope that each graduate will have a deep involvement in life and will act with compassion and the courage of her convictions.

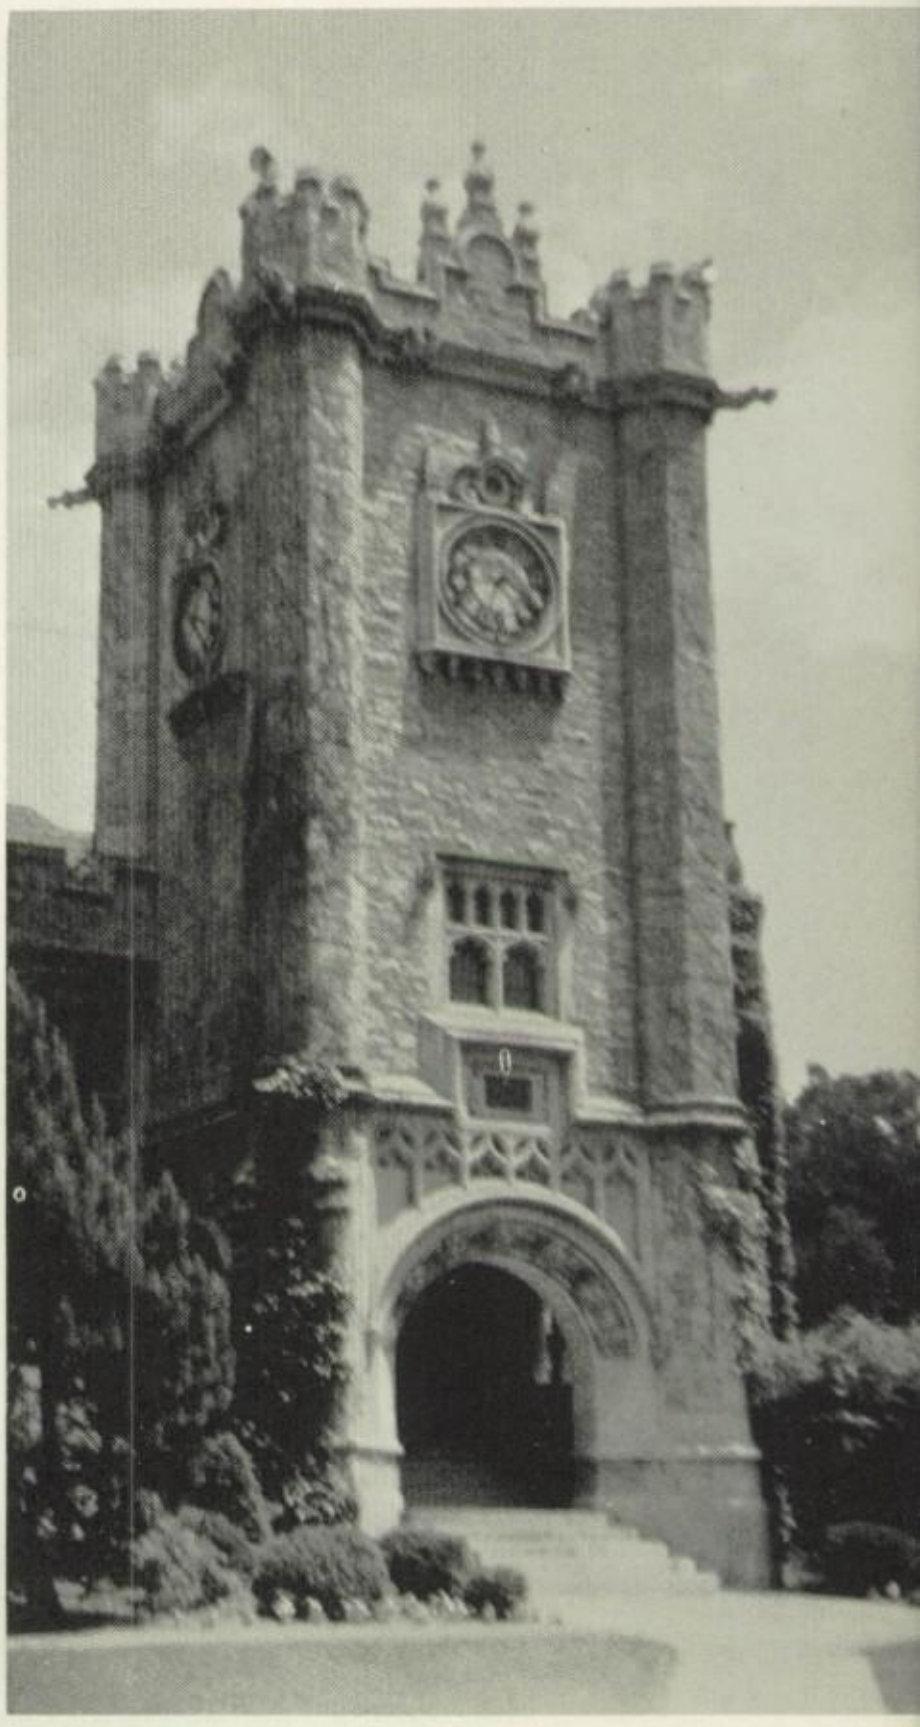
In 1814 Emma Willard opened the Middlebury Female Seminary in her own home. In the Spring of 1819 it moved to Waterford, New York. In 1821 it was established as the Troy Female Seminary in Troy. It was named the Emma Willard School in 1895 and moved to the present buildings in 1910.



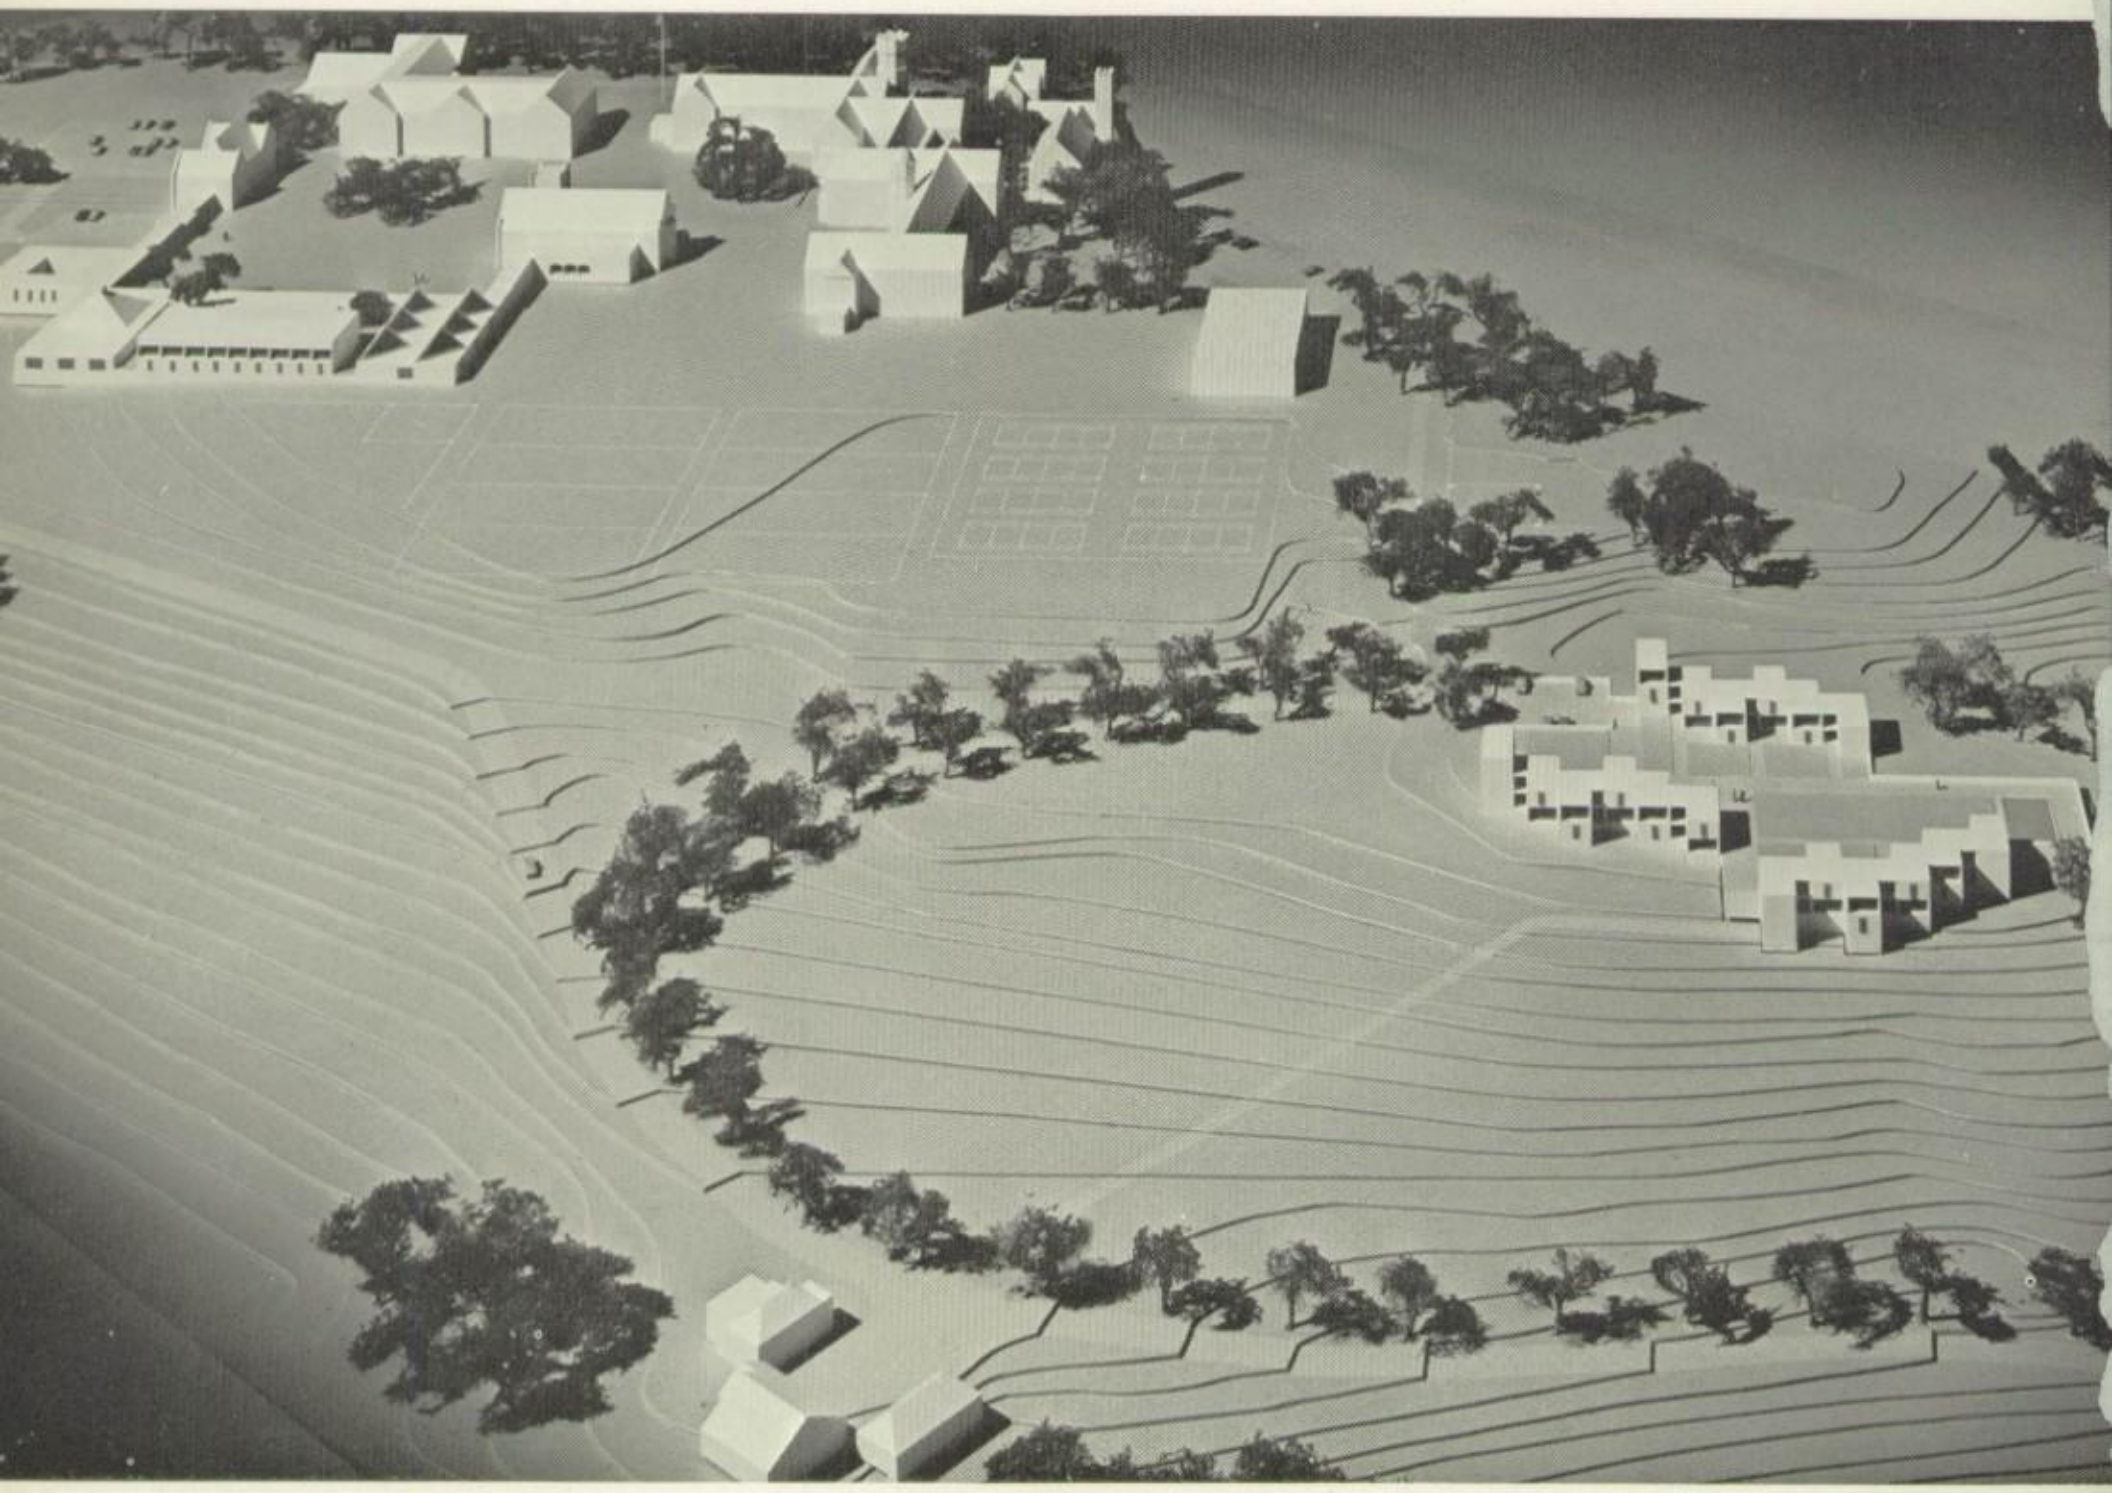








FUTURE PLANS



Since no new buildings have been constructed at Emma Willard since 1937 the time has come for action. Emma Willard is ready to move into the first capital gifts program in its long history of 150 years. Through the 150th Anniversary Program the school hopes to be able to finance the building needs of the school. A Master Plan incorporating a new library, music building, art building, and new faculty housing has been drawn up. The School is also seeking a million and a half of additional endowment to support faculty salaries and scholarships. The model of the Master Plan is pictured above.

As a result of its continual spirit and its gratitude to the school, the Class of 1964 has made significant contributions to Emma Willard. The senior aide program which was initiated this year with our class has been very successful in unifying the classes. Both the senior projects and the senior extended lights, which have also been inaugurated by the Class of 1964, provide more of an opportunity for intense study. The results of the annual school fair illustrate, in a material sense, the senior class's desire to contribute to E. W., a school that has given them a priceless opportunity.

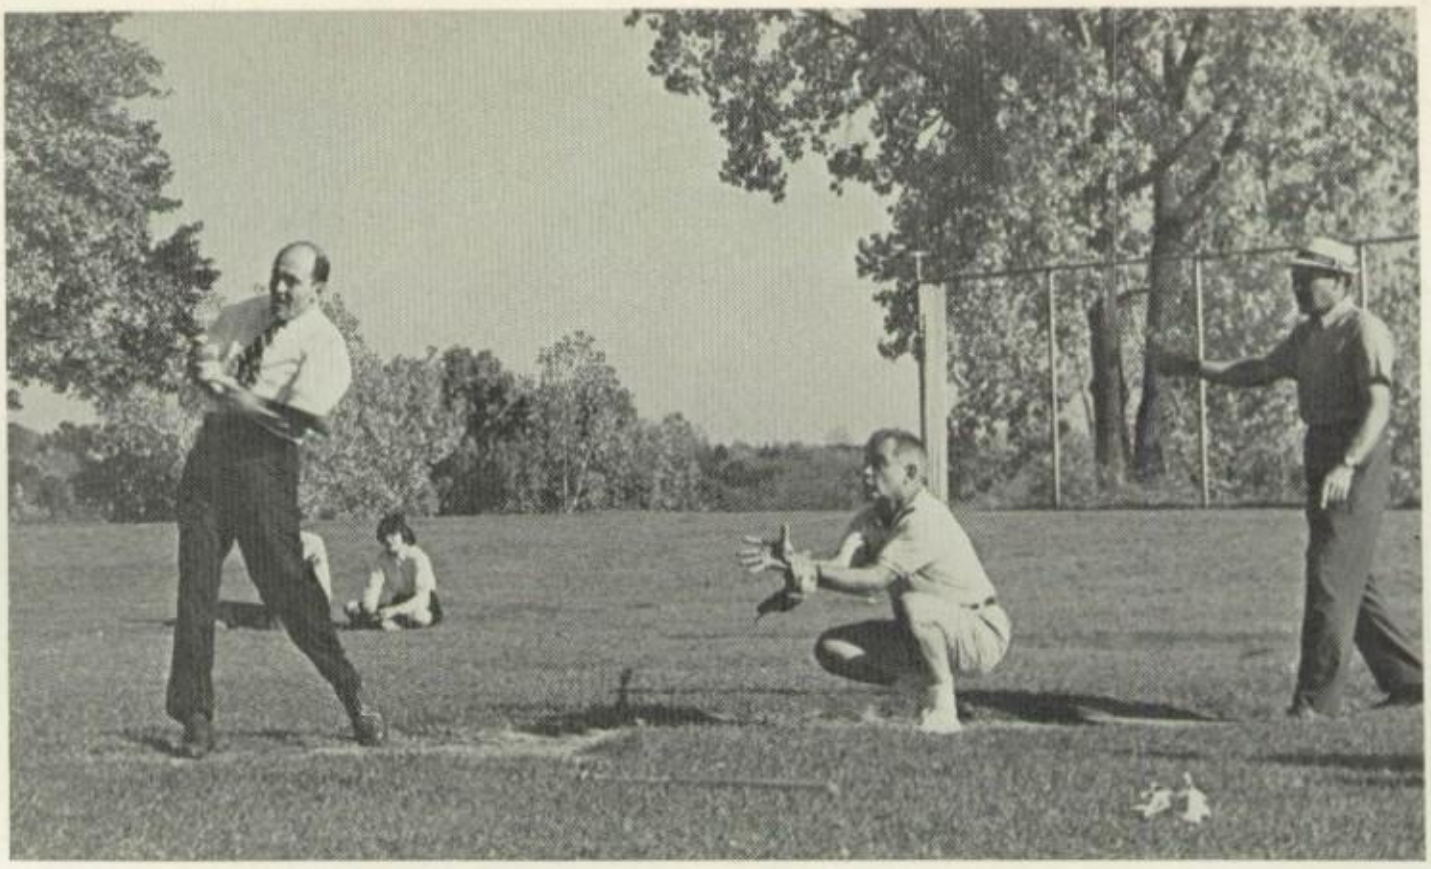
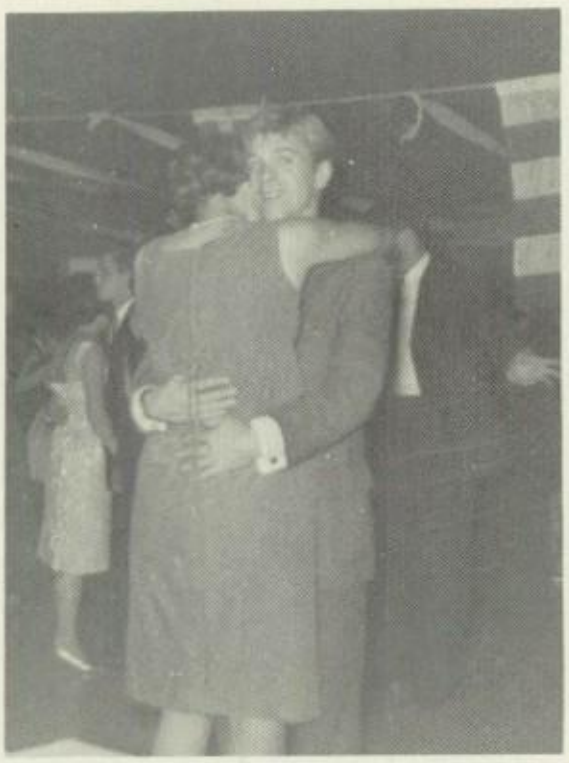
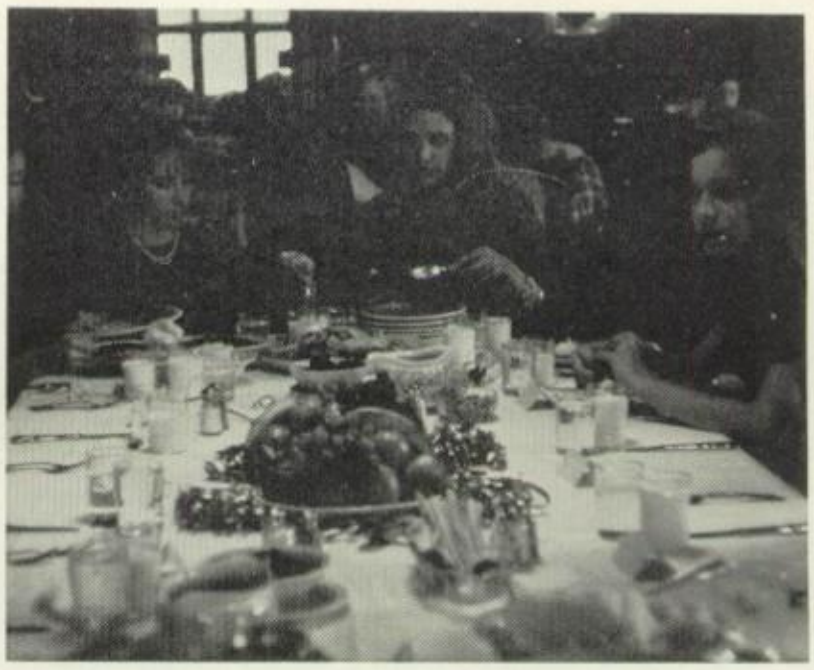
FATHERS' DAY





THE FALL PROM



THANKSGIVING

Thanksgiving at E.W. this year was a memorable occasion. Its culmination especially will be unforgettable. The surprise entertainment was our old friend Mr. Jack Behrens who played in his unique style all the things we love.

On December seventh Emma Willard School was fortunate to have the late Mr. Tarance H. White as a speaker. His interpretation of education and its meaning in life gave us all food for thought. We were all very sad to hear about his death and feel honored that we were one of the last schools he visited.

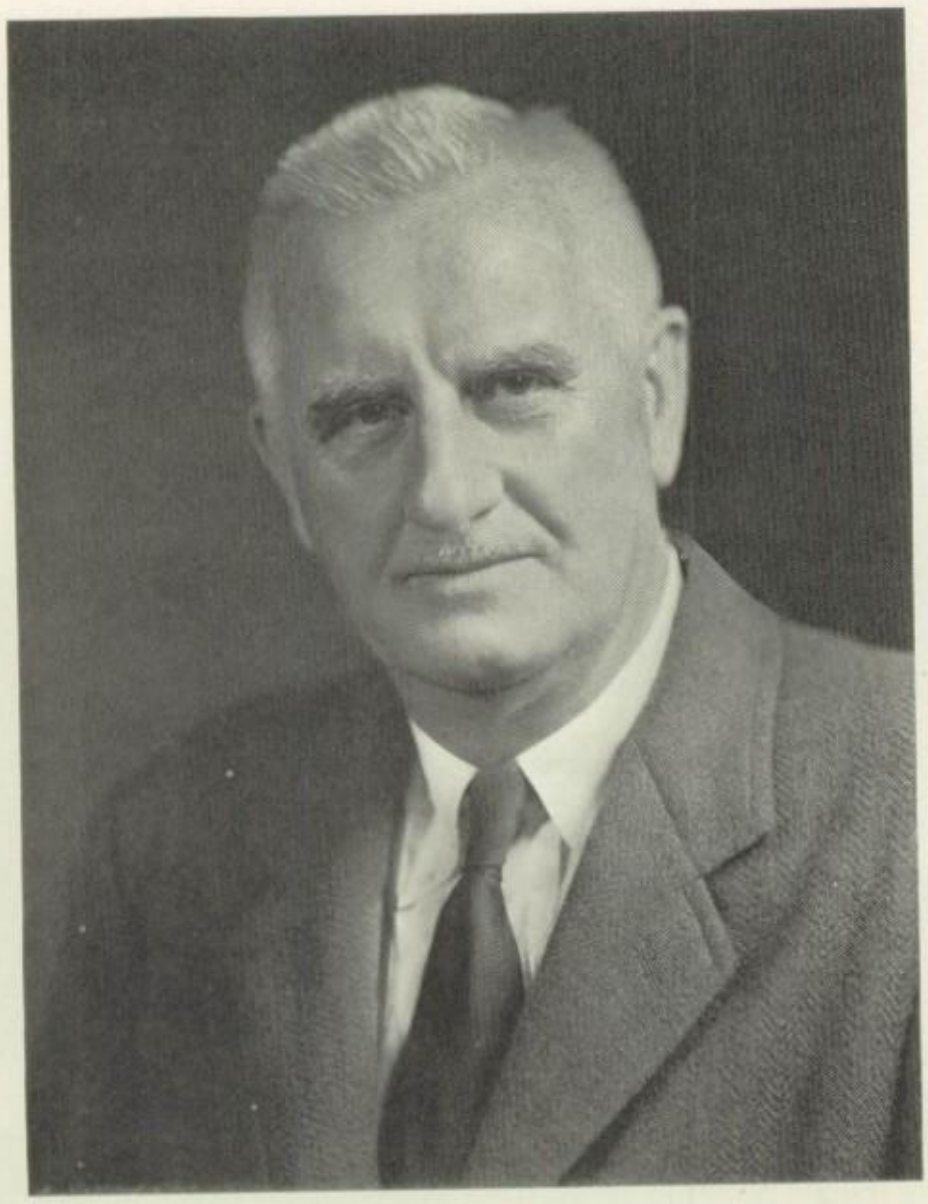
The great figure in residence this year was Mr. Wallace Woodworth, previously a professor at Harvard University and conductor of the Harvard Glee Club and the Radcliffe Choral Society. During his week stay at E.W. he visited and taught music classes and worked with the Choir and Chorus. On his last night here we were all privileged to witness an open rehearsal of the Choir and Chorus under his direction and also a rehearsal of a string quartet. Mr. Woodworth's vitality and continual interest will never be forgotten by those who worked with him here.



Mr. Henry D. Curwen, a former teacher at Phillips Exeter Academy, was a teacher in residence during winter term. Mr. Curwen taught various English classes, and he also introduced the whole school to, ". . . my man, Dr. Samuel Johnson." This was his first opportunity to teach girls. His continual flow of quotations from Dr. Johnson never failed to impress those around him, and we will always remember him for his interesting classes and his frequent informal discussions with the students.

MISS MARY M. MACLEAR

MISS LYDIE BRUNAUD

MISS LYDIA BISBEE

This year constituted the last year of service for three of E.W.'s most beloved teachers. We would like to take this opportunity to express the gratitude of the school for all they have contributed of themselves to the school in spirit and to the curriculum during the total of 106 years that they have been at Emma Willard.

Both Miss Brunaud and Miss Bisbee have been members of the French Department for over 30 years. During the years that Miss MacLear has been the School Librarian the library has more than doubled in size. She also developed all the library material on the area studies program and on the correlated curriculum.

Next year and in future years both the students and the faculty will miss the help and encouragement of all three teachers. We hope they will return for visits often.

Aw, sue (sue McFaun) — you're so sweet to make me a card (and thanks!), it really does mean a lot that you took the time to do it. I'm not sure how you managed to keep it a secret, but I'm glad you succeeded! Yes, I'm definitely looking forward to seeing you this weekend — it's been too long! Too bad you don't live closer, but I'm glad you're coming to visit me — I'm sure we'll have a great time. Thanks again for the card — I'll be sure to put it up on the fridge! Love, Rydie

P.S. Hope you're feeling better soon!

P.P.S. Hope you're enjoying your new computer!

P.P.P.S. Can't wait to see you this weekend! Maybe we can play Scrabble or something — I'm pretty good at it (well, maybe not as good as you, but I'm pretty sure I can beat Mom!) — I'll be sure to bring it with me. Hope you have a great day — see you tomorrow! (well, maybe the next day — anyway.)

Love, Hal

P.S. This is what you call a cluttered mess!
